

SSP AND OUR TECHNOLOGY PARTNER, INSALA, INVITE YOU TO ATTEND A SESSION ON A SOLUTION TO WIN THE WAR FOR TALENT

This customized application product will assist your organization in:

- Driving business objectives through all levels of the organization
- Moving performance management to the next level
- Attracting, retaining and developing top talent
- Facilitating employee development planning

Some Current Clients Are: Deloitte & Touche, Lockheed Martin, Intertek, United Technologies, Kaiser Hill

8:00 AM Networking Continental Breakfast

8:30 AM Discussion on the War for Talent and Retention

9:00 AM Overview of iCareer Manager

10:00 AM Conclusion

Please join us for this complimentary breakfast meeting designed to assist you in driving your organization's return on human capital through career development, retention, talent management and an employer of choice.

Created by **SSP's** technology partner, **INSALA**, to enhance your organization's efforts in:

- **Talent Development** – Develop, and retain top talent to an ever changing business environment caused by organization growth, mergers & acquisitions, organizational realignments, downsizings, changes in management teams and EEOC compliance mandates.
- **Performance Management** – Create clear and strong alignment between organizational goals and individual/team objectives. Enhances dialogue between supervisors and employees regarding performance and development.
- **Succession Planning** – Engage in employee succession planning through fast electronic accessing of internal candidates via a powerful backend software system.
- **Measure ROI** – Measure and maximize employee retention and development while showing ROI and cost savings.
- **Coaching** – Establish an effective, global best practice Career Coaching process supported by integrated tools, such as assessments, development plans, resources, 360° Feedback, skills and competencies and self assessments.
- **Flexibility & Customization** – iCareer Manager is an IT application that easily fits into any organization's website or intranet.

If you are interested in learning how your organization can manage talent to compete in today's business environment, please join us at this informative and innovative session. Choose a location that is convenient for you.
